Dear Colleagues,

I am enclosing herewith the latest information on data entered in the MDM portal for the year 2012-13. As can be seen, so far only 15.25% of the schools have been covered. While States/UTs like Mizoram and Lakshadweep have completed more than 95% of the work; other States/UTs like Uttarakhand, Tripura, Karnataka, Haryana and Chandigarh have made good progress.

The progress in other States, however, leaves a lot to be desired. These states need to ensure that the requisite mechanisms and staff is in place to ensure that the data is fed into the portal on a timely basis regularly. The MME funds are provided to States precisely for this purpose. Once the data is fed in a timely manner and on an ongoing basis, there will be useful dashboard indicators available to the States for effective implementation of the programme.

Currently data is available after a period of 3 months, as a result the corrective action is considerably delayed. Therefore, all States should ensure that the data is fed into the MDM Portal on an immediate basis. This in any case, will be a pre-requisite condition for the PAB approvals for the year 2013-14.

The Government of India has earmarked funds to the extent of Rs. 11037crores for the MDMS, in addition the states contribute 25% /10% of their contribution. We do need effective mechanisms to ensure that those funds are spent effectively for the benefit of the school children. Action taken in this regard may please be intimated to me. A little effort on your part will ensure that all children of your state have access to the Mid-day Meal Scheme.

Do remember, this is God's own work, which we all are privileged to carry out!

With regards,

Yours sincerely,

Amarjit Singh
Joint Secretary
