Objectives of MDM

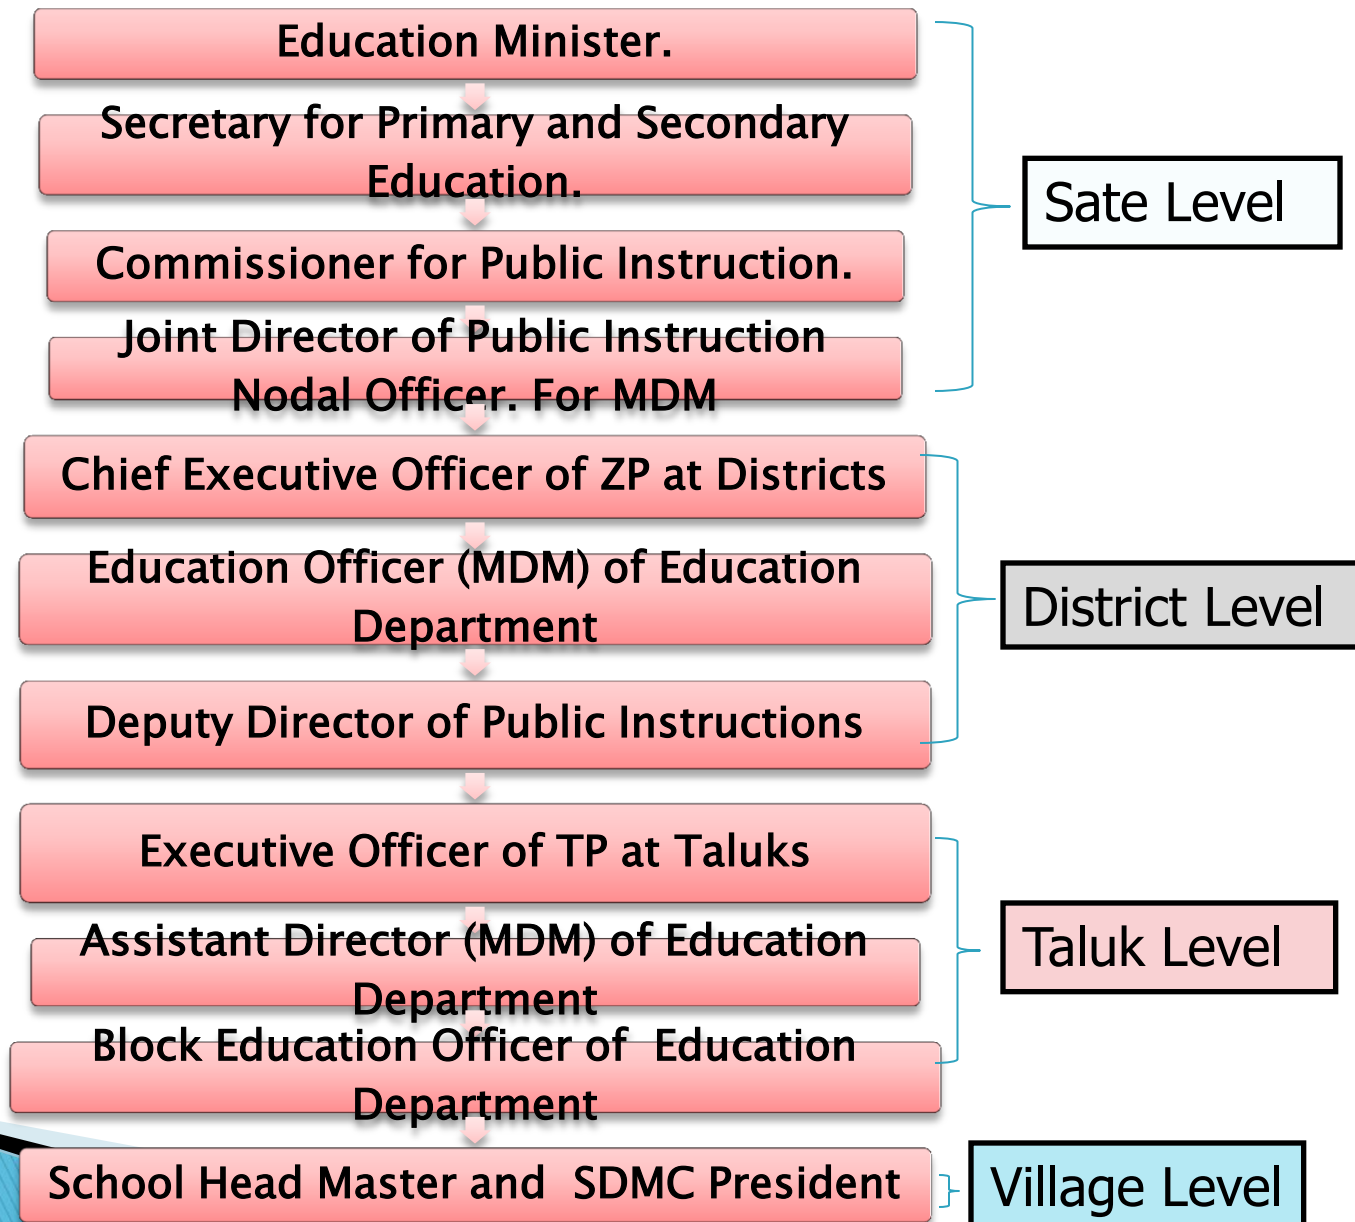

- ✓ Enhancement in nutritional status of school going children
- ✓ Encourage enrollment and regularity in attendance.
- ✓ Promoting harmony among children.
- ✓ Providing nutritional support to children in drought affected areas during summer.
- ✓ To improve learning ability levels of children.

Emergence and footsteps of the programme :

- Under Mid-day Meals Scheme 3 Kilograms of Rice per month for each child was given in all Government schools until 2002-03. Initially Midday Meal Programme was started during the year 2002-03 in seven districts of North eastern parts of Karnataka which were identified as educationally and economically most backward areas. Under this programme children who were studying in 1-5th Standards in Government primary schools were served hot cooked Mid-day Meals.
- During 2003-04 this programme of Mid-day Meals was extended to the remaining 20 districts.

- This programme was further extended to Government Aided primary schools from 01-09-2004.
- Further it was extended to all Government and Aided primary school children of 6th and 7th standards from 01-10-2004.
- The same programme was further extended to all Government and Aided high schools from 2007-08.
- By this all the government and aided school children of 1-10th standards were provided midday meals with the central government assistance for 1 to 8th standard and the state government assistance for 9th and 10th standard.
