Reason for low Aadhaar coverage among children

Lack of awareness whether Aadhaar Enrolment of children also has to be done

Location of Aadhaar Enrolment camps at far off place, so not easily accessible to children

Lack of documents available with the children i.e. Proof of Identity (POI) and Proof of Address (POA).

Lack of Coordination with Education Department and UIDAI

Too much crowd at Enrolment camps discourages parents to bring children for enrolment and time schedule not intimated to children for holding of camps

Action to be taken up by Department in the State/UT at District & Ground Zero for Aadhaar Enrollment:

- **Wide publicity in regional Languages**
- **Intensive enrolment camps and Roster Preparation**
- **Augment IT infra & manpower with empaneled agencies**
- **Procure more enrolment kits**
- **Train teachers and other concerned**
- **Weekly review by District Collector**
- **Report School wise Aadhaar Enrolment data through MDM-MIS Web Portal and Monitor**
