In 56.75% all of the schools the MDM are not being monitored properly by the Department.</p>
<p>District 3. Tehri Garhwal</p>	<p>Sample size- 24 Primary Schools and 13 Upper primary schools.</p> <p>In all the Primary and Upper Primary schools of the district of TEHRI GARHWAL, the hot cooked Mid Day meal is served daily without fail. The students, teachers & Parents of the children are happy with the quantity & quality of food served. On enquiry with parents they say that daily good meal is served which comprises of Dal, rice & green vegetables.</p> <p>Almost all the schools are regularly getting the food grains and 20(83.33%) PS and 13(100%) Ups the schools have one month stock of food grains. The quality of food grains is good and the teachers have reported that if the quality is not good they return back the food grains back to the shopkeeper. Almost all the schools have samples of rice grains for comparisons on regular supply. 23(95.83%) primary and 13(100%) Upper primary of the sampled schools have received cooking cost in advance most of the times.</p> <p>In 1 school - PS the cooking expenses are not coming in advance and the teachers have to pay from their pockets to run the MDM regularity.</p> <p>In 2.70% of the schools, the conveyance charges of bringing the ration to the school from the shop are not being paid by the shopkeeper. In these schools the teachers have to pay from their pockets the conveyance charges to bring ration to the school from the ration shop.</p> <p>Menu has been displayed in 16(66.66%) primary and 11(84.61%) Upper primary of the visited schools on the notice board or wall and it is adhered to in 20(83.33%) primary and 13(100%) Upper primary of the schools.</p> <p>The school children are happy with the quantity & quality of MDM and</p>

	<p>they eat full to their satisfaction. In 2.70% of all schools surveyed, the Health card was not found but the students of all schools are given the medications from time to time.</p> <p>The MDM is cooked and distributed by departmental cooks, who are selected by SMC. In 35% schools the payment to cooks is made in cash as they do not have a bank account.</p> <p>Around 8% schools don't have Kitchen and store room so the food is cooked in extra room or in open. In 4 schools don't have provision of drinking water in school premises.</p> <p>In most of the schools the food is cooked on firewood and Gas. In around 54% of the schools the MDM is not being monitored properly by the Department.</p>

Methodology

A total number of 40 schools which includes 24 primary schools, 15 Upper Primary Schools and 1 KGBVs. have been randomly selected for the study in Dehradun district, as decided by the Ministry. 10 schools out of 39 schools are from the urban part of the district, 4 schools have civil works sanctioned for them and 5 schools have minimum of three CWSN (priority to those having other than orthopedic ally impaired), 3 schools each covered under the Computer Aided Learning (CAL) and 1 KGBV scheme.

Criteria of Sample Selection

The following criteria were followed in the selection of sample primary and Upper Primary Schools in Dehradun district:

1. Higher gender gap in enrolment,
2. Higher proportion of SC/ST students,
3. Low retention rate and higher drop-out rate,
4. Schools with a minimum of three CWSN.
5. The habitation where the school is located has sizeable number of OoSC.
6. The habitation where the school is located has in-bound and out-bound seasonal migration,
7. The habitation where the school is located is known to have sizable number of urban deprived children.
8. The school is located in a forest or far flung area.
9. The habitation where the school is located witnesses recurrent floods or some other natural calamity.

1.5 Sample Design of the Study

A total number of 40 schools have been taken as sample schools from Dehradun district. Out of these 40 Schools, 10 schools are from Nagar Kshetrya and 30 schools are from rural areas. 1 KGBVs (one from rural blocks) have been selected.

Number of Sample Schools, District Dehradun.

Sl. No.	Name of Block	Primary Schools	Upper Primary Schools	KGBV	Total
1	Dehradoon	06	04	-	10(25%)
2	Doiwala	06	03	-	09(22.5%)
3	Raipur	07	04	-	11(27.5%)
4	Kalshi	-	-	01	01(2.5%)
5	Sahaspur	05	04	-	09(22.5%)
	Total School	24(60%)	15(37.5%)	01(2.5%)	40(100%)

All types of 40 sample schools selected from Dehradun district. Out of which, 24 are Primary Schools, 15 are Upper Primary Schools and 1 are KGBVs. The care has been taken that each type of school gets representation in the Sample.

e) Is the cooking process and storage of fuel safe, not posing any fire hazard?

In about 23(95.83%) primary and 15(100%) Upper Primary of the visited schools visited MI found that the cooking process and fuel storage was safe was not posing any fire hazard. However, in 01(4.16%) primary of the visited schools it was not safe as the meals were either cooked in open or the makeshift kitchen was so small and very near the classrooms. However there is strong need for safe storage of fuel along with cooking ingredients.

19. IMPACT

Has the mid day meal improved the enrollment, attendance of children in school, any improvement in general well being, nutritional status of the children (to be verified from school record, discussion with students, teachers and parents. Is there any other incidental benefit to the children and school due to serving of mid-day-meal by VEC, PRI members?

S. N	Property	PS		UPS		TOTAL	
		Yes	No	Yes	No	Yes	No
1	Enrolment	22 (94.66%)	02 (8.33%)	14 (93.33%)	01 (6.66%)	36 (92.30%)	03 (7.69%)
2	Attendance	23 (95.83%)	01 (4.16%)	14 (93.33%)	01 (6.66%)	37 (94.87%)	02 (5.12%)
3	Health of students	23 (95.83%)	01 (4.16%)	15 (100%)	-	38 (97.43%)	01 (2.56%)

There is no doubt that MDM bridges the gap and results in bringing about social justice because children belonging to different castes enjoy taking MDM collectively in a place which sets aside the feeling of discrimination.

B. Any other issues relevant to MDM implementation – Investigator comments

In all the 24(100%) Primary and 14(93.33%) Upper Primary schools of the district of Dehradun, the hot cooked Mid Day meal is served daily without fail. The students, teachers & Parents of the children are happy with the quantity & quality of food served. On enquiry with parents they say that daily good meal is served which comprises of Dal, rice & green vegetables.

24(100%) PS and 14(93.33%) UPS the schools are regularly getting the food grains and almost 23(95.83%) PS and 14(93.33%) UPS the schools have one month stock of food grains. The quality of food grains is good and the teachers have reported that if the quality is not good they return back the food grains back to the shopkeeper. Almost all the schools have samples of rice grains for comparisons on regular supply. All the schools receive the cooking expenses in advance. Around 17.94% of the schools have not displayed the menu on the wall, but the food is given according to the menu in all these schools.

The school children are happy with the quantity & quality of MDM and they eat full to their satisfaction. In almost all schools the Health card was found and the students are given the medications from time to time.

The MDM is cooked and distributed by departmental cooks, who are selected by SMC.

Around 5.12% schools don't have Kitchen and store room so the food is cooked in extra room or in open.

In most of the schools the food is cooked on Gas. In around 71.79% of the schools the MDM is not being monitored properly by the Department.

In almost all the schools improvement in enrollment, attendance and health of students has been noticed due to MDM. The school children are happy with the quantity & quality of MDM and they eat full to their satisfaction. In almost all schools the Health card was found and the students are given the medications from time to time.

The MDM is cooked and distributed by departmental cooks, who are selected by SMC.

In almost all the schools improvement in enrollment, attendance and health of students has been noticed due to MDM.

INTRODUCTION

1.1 Sarva Shiksha Abhiyan (SSA)

SSA is an effort to universalize elementary education by community ownership of the school system. It is a response to the demand for quality basic education all over the country. The SSA Programme is also an attempt to provide an opportunity for improving human capabilities to all children through provision of community owned quality education in a mission mode. Implementation of SSA Programme includes National Programme for Education of Girls at Elementary Level, Mid-day-Meal Scheme and Kasturba Gandhi Balika Vidhyalaya Scheme, hereinafter referred to as Schemes, for two years from 1st April 2013 to 31st March 2015. The goal is also there to bridge social, regional and gender gaps, with the active participation of the community in the management of schools.

1.2 Objectives of Present Study

The main objectives of the study are:

- To assess and analysis the implementation of the approved interventions and processes of interventions at School and habitation levels, keeping in view the goals of these schemes and the provisions under RTE Act, 2009.
- To Identify the social, cultural, linguistic or other barriers coming in the way of successful implementation of the schematic interventions and attainment of these goals.

1.3 Methodology

A total number of 40 schools which includes 28 primary schools, 09 upper primary schools and 3 KGBV have been randomly selected for the study in Haridwar district, as decided by the Ministry. 09 schools out of 40 schools are from the urban part of the district, 4 schools have civil works sanctioned for them and 2 schools have minimum of three CWSN (priority to those having other than orthopedically impaired), 5 schools each covered under the Computer Aided Learning (CAL) and 3 KGBV scheme.

1.4 Criteria of Sample Selection

The following criteria were followed in the selection of sample primary and upper primary schools in Haridwar district:

- Higher gender gap in enrolment,
- Higher proportion of SC/ST students,
- Low retention rate and higher drop-out rate,
- Schools with a minimum of three CWSN.
- The habitation where the school is located has sizeable number of OoSC.
- The habitation where the school is located has in-bound and out-bound seasonal migration,
- The habitation where the school is located is known to have sizable number of urban deprived children.
- The school is located in a forest or far flung area.
- The habitation where the school is located witnesses recurrent floods or some other natural calamity.

1.5 Sample Design of the Study

A total number of 40 Schools have been taken as sample Schools from Haridwar district. Out of these 40 Schools, 28 Schools are from rural areas. 03 KGBVs (Three from rural blocks KGBV) have been selected (Table-1.1).

Table-1.1- Number of Sample Schools,

District - Haridwar

Sl. No.	Name of Block	Primary Schools	Upper Primary Schools	KGBV	Total
1	Haridwar	09	-	-	9(22.5%)
2	Bahadrabad	13	04	01	18(45%)
3	Laksar	04	03	01	08(20%)
4	Khanpur	02	02	01	05(12.5%)
	Total Schools	28(70%)	09(22.5%)	03(7.5%)	40(100%)

All types of 40 sample schools selected from Haridwar district. Out of which, 28 are Primary Schools, 09 are Upper Primary Schools and 3 are KGBV. The care has been taken that each type of school gets representation in the Sample.

2.

TRENDS:**Extent of variation (As per school records vis-à-vis actual position/status on the day of visit)**

The total enrollment of students in Primary schools was 3845(100%) & 990(100%) in Upper primary schools. No. of children present on the day of survey was 2290(59.55%) in Primary & 545(55.05%) in Upper primary schools. Number of children availing MDM as per MDM Register was 2290(59.55%) in Primary & 545(55.05%) in Upper primary schools. The actual number of children having MDM on the day of survey was 2344(60.96%) in Primary & 537(54.24%) in Upper primary schools. But MDM served a day previous to the visit was 2469(64.21%) in Primary & 576(58.18%) in Upper primary schools.

SN.	Details	
I	Enrollment	
	PS	UPS
	3845(100%)	990(100%)
II	No. of children opted for Mid Day Meal	
	PS	UPS
	2290(59.55%)	545(55.05%)
III	No. of children attending the school on the day of visit

6. VARIETY OF MENU:**7. I. Has the school displayed its weekly menu at a place noticeable to community?**

Menu has been displayed in 17(60.71%) primary and 06(66.66%) Upper primary of the visited schools on the notice board or wall and it is adhered to in 26(92.85%) primary and 08(88.88%) Upper primary of the schools.

PS		UPS	
Yes	No	Yes	No
17(60.71%)	11(39.28%)	06(66.66%)	03(33.33%)

II. Is it able to adhere to the menu displayed?

PS		UPS	
Yes	No	Yes	No
26(92.85%)	02(7.14%)	08(88.88%)	01(11.11%)

III. Who decides the menu?

PS				UPS			
Teacher	Cook	Govt.	Other	Teacher	Cook	Govt.	Other
-	-	28(100%)	-	-	-	09(100%)	-

IV. Is there variety in the food served or is the same type of food served daily?

Generally the schools serve rice and pulse everyday but a little variety in serving food is noticed in 27(96.42%) primary and 08(88.88%) Upper primary of the schools.

PS		UPS	
Yes	No	Yes	No
27(96.42%)	01(3.57%)	08(88.88%)	01(11.11%)

V. Does the daily menu includes rice / wheat preparation, dal and vegetables?

Rice, Dal and sometimes vegetables are included in daily menu.

PS		UPS	
Yes	No	Yes	No
27(96.42%)	01(3.57%)	09(100%)	-

8. QUALITY & QUANTITY OF MEAL :**Feedback from Children on –****a) Quality of meal**

The overall quality of meal was generally good in all the visited school

PS		UPS	
Yes	No	Yes	No
28(100%)	-	09(100%)	-

b) Quantity of meal

Quantity of mid day meal was sufficient

PS		UPS	
Yes	No	Yes	No
28(100%)	-	09(100%)	-

c) {If children were not happy, please give reasons and suggestions to improve.}

Children were quite happy with the quality and quantity of food.

School	PS	UPS
Reason, Quality of meal	NA	NA
Reason, Quantity of meal	NA	NA

9. SUPPLEMENTARY:**a) Is there school Health Card maintained for each child?**

PS		UPS	
Yes	No	Yes	No
26(92.85%)	02(7.14%)	09(100%)	-

b) What is the frequency of health check-up?

PS		UPS	
Yes	No	Yes	No
25(89.28%)	-	09(100%)	-

c) Whether children are given micronutrients (Iron, folic acid, vitamin – A dosage) and de-worming medicine periodically?

Iron Folic Acid and Micronutrients have been distributed in 17(60.71%) primary and 07(77.77%) Upper primary of the visited schools. Vitamin – A dosage is distributed in schools and de-worming medicines were served in schools.

PS		UPS	
Yes	No	Yes	No
17(60.71%)	11(39.28%)	07(77.77%)	02(22.22%)

d) Who administers these medicines and at what frequency?

CMO Team or NRHM team. Administers them half yearly

Who administers these medicines	PS	UPS
CMO Team	13(76.47%)	07(100%)
CHC Team	-	-
NGO Team	-	-
PHC Team	-	-
Other(NRHM)	4(23.52%)	-
Total Schools	28(100%)	09(100%)

10. STATUS OF COOKS:**I) Who cooks the meal? (Cook cum helper appointed by the Department)**

Cook cum helpers is engaged by department and cooks serve the meals.

Who cooks the meal	PS	UPS
Departmental Cook	28(100%)	09(100%)
SMC	-	-
Self Help Group	-	-
NGO	-	-
Contractor	-	-
Total Schools	28(100%)	09(100%)

II. Who serves the meal? (Cook cum helper appointed by the Department)

Who serves the meal	PS	UPS

27(96.42%)	01(3.57%)	09(100%)	-

d) Conservation of water?

Efforts were made in all the schools to conserve water and teachers encourage students to save water.

PS		UPS	
Yes	No	Yes	No
27(96.42%)	01(3.57%)	09(100%)	-

e) Is the cooking process and storage of fuel safe, not posing any fire hazard?

In about 25(89.28%) primary and 09(100%) Upper Primary of the visited schools visited MI found that the cooking process and fuel storage was and safe was not posing fire hazard. However, in 03(10.71%) primary of the visited schools it was not safe as the meals were either cooked in open or the makeshift kitchen was so small and very near the classrooms. However there is strong need for safe storage of fuel along with cooking ingredients.

PS		UPS	
Yes	No	Yes	No
25(89.28%)	03(10.71%)	09(100%)	-

17. COMMUNITY PARTICIPATION AND AWARENESS:

There was Good & Fair community participation noticed in about more than 96 percent of the visited schools Primary schools, however in almost 10 percent of the Upper Primary schools visited the community participation requires strengthening.

I) Extent of participation by Parents

19. IMPACT

Has the mid day meal improved the enrollment, attendance of children in school, any improvement in general well being, nutritional status of the children (to be verified from school record, discussion with students, teachers and parents. Is there any other incidental benefit to the children and school due to serving of mid-day-meal by VEC, PRI members?)

Sn	Property	PS		UPS		TOTAL	
		Yes	No	Yes	No	Yes	No
1	Enrolment	22 (78.57%)	06 (21.42%)	05 (55.55%)	04 (44.44%)	27 (72.97%)	10 (27.02%)
2	Attendance	27 (96.42%)	01 (3.57%)	05 (55.55%)	04 (44.44%)	32 (86.48%)	05 (13.51%)
3	Health of students	25 (89.28%)	03 (10.71%)	07 (77.77%)	02 (22.22%)	32 (86.48%)	05 (13.51%)

There is no doubt that MDM bridges the gap and results in bringing about social justice because children belonging to different castes enjoy taking MDM collectively in a place which sets aside the feeling of discrimination.

B. Any other issues relevant to MDM implementation – Investigator comments

In all the Primary and Upper Primary schools of the district of Haridwar, the hot cooked Mid Day meal is served daily without fail. The students, teachers & Parents of the children are happy with the quantity & quality of food served. On enquiry with parents they say that daily good meal is served which comprises of Dal, rice & green vegetables.

Almost 27(96.42%) PS and 100% UPS the schools are regularly getting the food grains and Buffer stock is maintained in 22(78.57%) of the Primary schools & 08(88.88%) upper primary schools.

The quality of food grains is good and the teachers have reported that if the quality is not good they return back the food grains back to the shopkeeper. Almost all the schools have samples of rice grains for comparisons on regular supply. 28(100%) primary and 08(88.88%) Upper primary visited schools have received cooking cost in advance most of the times.

In 5.40% of the schools, the conveyance charges of bringing the ration to the school from the shop are not being paid by the shopkeeper. In these schools the teachers have to pay from their pockets the conveyance charges to bring ration to the school from the ration shop.

Menu has been displayed in 17(60.71%) primary and 06(66.66%) Upper primary of the visited schools on the notice board or wall and it is adhered to in 26(92.85%) primary and 08(88.88%) upper primary schools.

The school children are happy with the quantity & quality of MDM and they eat full to their satisfaction. In 5.40% of all schools surveyed, the Health card was not found but the students of all schools are given the medications from time to time.

The MDM is cooked and distributed by departmental cooks, who are selected by SMC. In 46% schools the payment to cooks is made in cash as they do not have a bank account.

Around 27% schools don't have Kitchen and store room so the food is cooked in extra room or in open. In 3 schools don't have provision of drinking water in school premises.

In most of the schools the food is cooked on firewood. In 56.75% all of the schools the MDM are not being monitored properly by the Department.

District – Tehri Garhwal

INTRODUCTION

1.1 Sarva Shiksha Abhiyan (SSA)

SSA is an effort to universalize elementary education by community ownership of the school system. It is a response to the demand for quality basic education all over the country. The SSA Programme is also an attempt to provide an opportunity for improving human capabilities to all children through provision of community owned quality education in a mission mode. Implementation of SSA Programme includes National Programme for Education of Girls at Elementary Level, Mid-day-Meal Scheme and Kasturba Gandhi Balika Vidhyalaya Scheme, hereinafter referred to as Schemes, for two years from 1st April 2013 to 31st March 2015. The goal is also there to bridge social, regional and gender gaps, with the active participation of the community in the management of schools.

1.2 Objectives of Present Study

The main objectives of the study are:

- To assess and analysis the implementation of the approved interventions and processes of interventions at School and habitation levels, keeping in view the goals of these schemes and the provisions under RTE Act, 2009.
- To Identify the social, cultural, linguistic or other barriers coming in the way of successful implementation of the schematic interventions and attainment of these goals.

1.3 Methodology

A total number of 40 Schools which includes 24 Primary Schools, 13 Upper Primary Schools and 3 KGBVs. have been randomly selected for the study in Tehri Garhwal district, as decided by the Ministry. 0 Schools out of 40 Schools are from the urban part of the district, 03 Schools have civil works sanctioned for them, and 03 Schools have minimum of three CWSN (priority to those having other than orthopedically impaired), 05 Schools each covered under the Computer Aided Learning (CAL) and 03 KGBV scheme.

1.4 Criteria of Sample Selection

The following criteria were followed in the selection of sample Primary and Upper Primary Schools in Tehri Garhwal district:

- Higher gender gap in enrolment,
- Higher proportion of SC/ST students,
- Low retention rate and higher drop-out rate,
- Schools with a minimum of three CWSN.
- The habitation where the School is located has sizeable number of OoSC.
- The habitation where the School is located has in-bound and out-bound seasonal migration,
- The habitation where the School is located is known to have sizable number of urban deprived children.
- The School is located in a forest or far flung area.
- The habitation where the School is located witnesses recurrent floods or some other natural calamity.

1.5 Sample Design of the Study

A total number of 40 Schools have been taken as sample Schools from Tehri Garhwal district. Out of these 40 Schools, 37 Schools are from rural areas. 3 KGBVs (Three from rural blocks KGBV) have been selected.

Number of Sample Schools District Tehri Garhwal.

Sl. No.	Name of Block	Primary Schools	Upper Primary Schools	KGBV	Total
1	Chamba	05	02	-	07(17.5%)
2	Dholdhaar	07	03	01	11(27.5%)
3	Jakhadi Dhaar	07	05	-	12(30%)
4	Bhilangana	02	01	-	03(7.5%)
5	Pratap Nagar	03	01	01	05(12.5%)
6	Narendra Nagar	01	-	01	02(5%)
	Total	24(60%)	13(32.5%)	03(7.5%)	40(100%)

All types of 40 sample Schools selected from Tehri Garhwal district. Out of which, 24 are Primary Schools, 13 are Upper Primary Schools and 03 are KGBVs. The care has been taken that each type of School gets representation in the Sample.

District – Tehri Garhwal

(7.14%)	(7.14%)	(28.57%)	(57.14%)		(16.66%)	(66.66%)	(16.66%)

II) The frequency of such inspections?

PS			UPS		
Weekly	Monthly	at Times	Weekly	Monthly	at Times
01(7.14%)	05(35.71%)	08(57.14%)	-	02(33.33%)	04(66.66%)

19. IMPACT

Has the mid day meal improved the enrollment, attendance of children in school, any improvement in general well being, nutritional status of the children (to be verified from school record, discussion with students, teachers and parents. Is there any other incidental benefit to the children and school due to serving of mid-day-meal by VEC, PRI members?

Sn	Property	PS		UPS		TOTAL	
		Yes	No	Yes	No	Yes	No
1	Enrolment	16 (66.66%)	08 (33.33%)	10 (76.92%)	03 (23.07%)	26 (70.27%)	11 (40.74%)
2	Attendance	19 (79.16%)	05 (20.8%)	11 (84.61%)	02 (15.38%)	30 (81.08%)	07 (18.91%)
3	Health of students	22 (91.66%)	02 (8.33%)	13 (100%)	-	35 (94.59%)	02 (5.40%)

There is no doubt that MDM bridges the gap and results in bringing about social justice because children belonging to different castes enjoy taking MDM collectively in a place which sets aside the feeling of discrimination.

B. Any other issues relevant to MDM implementation – Investigator comments

In all the Primary and Upper Primary schools of the district of TEHRI GARHWAL, the hot cooked Mid Day meal is served daily without fail. The students, teachers & Parents of the children are happy with the quantity & quality of food served. On enquiry with parents they say that daily good meal is served which comprises of Dal, rice & green vegetables.

Almost all the schools are regularly getting the food grains and 20(83.33%) PS and 13(100%) Ups the schools have one month stock of food grains. The quality of food grains is good and the teachers have reported that if the quality is not good they return back the food grains back to the shopkeeper. Almost all the schools have samples of rice grains for comparisons on regular supply. 23(95.83%) primary and 13(100%) Upper primary of the sampled schools have received cooking cost in advance most of the times.

In 1 school - PS the cooking expenses are not coming in advance and the teachers have to pay from their pockets to run the MDM regularity.

In 2.70% of the schools, the conveyance charges of bringing the ration to the school from the shop are not being paid by the shopkeeper. In these schools the teachers have to pay from their pockets the conveyance charges to bring ration to the school from the ration shop.

Menu has been displayed in 16(66.66%) primary and 11(84.61%) Upper primary of the visited schools on the notice board or wall and it is adhered to in 20(83.33%) primary and 13(100%) Upper primary of the schools.

The school children are happy with the quantity & quality of MDM and they eat full to their satisfaction. In 2.70% of all schools surveyed, the Health card was not found but the students of all schools are given the medications from time to time.

The MDM is cooked and distributed by departmental cooks, who are selected by SMC. In 35% schools the payment to cooks is made in cash as they do not have a bank account.

Around 8% schools don't have Kitchen and store room so the food is cooked in extra room or in open. In 4 schools don't have provision of drinking water in school premises.

In most of the schools the food is cooked on firewood and Gas. In around 54% of the schools the MDM is not being monitored properly by the Department.
