**Annual Work Plan & Budget
2017-18**

Name of the State Chhattisgarh

Mid Day Meal Programme

Annual Work Plan and Budget 2017-18

1. Introduction:

1.1 Brief history

“Mid Day Meal Programme” in Chhattisgarh State and its concept regarding nutritional support to Primary Education is as old as freedom Struggle for Independence because way back in 1943 i.e. before the Independence, Mid Day Meal Programme was first initiated in Chhattisgarh region in 1943 when erstwhile Korea Princely State provided Gud-Chana at lunch time in all the 18 schools existing at that time in Korea. In the State of Chhattisgarh, which was a part of Madhya Pradesh, under “Mid Day Meal Programme” hot cooked Meal was being provided to children in tribal districts only in 85 blocks out of 146 blocks. By 1990-91, Madhya Pradesh including the Chhattisgarh region was implementing the “Mid Day Meal Programme” with its own resources on large scale. Mid Day Meal Scheme of giving cooked hot meals was started on 2nd October 1995 in the undivided State of Madhya Pradesh. At first the programme was launched in only tribal blocks, provided hot cooked meal to children of Primary school. The reason for providing Mid Day Meal in only Tribal blocks was because they were basically residential schools and due to hostel facilities it was easy to engage a permanent cook for cooking food for the children for noon. Tribal areas i.e. in community blocks where such facilities were lacking students were getting 3 kilogram rice per month under Mid Day Meal programme and because of this bad practice all school going children were partially benefitted with this scheme and all the family members of that children were used to consume the rice all together. Mid Day Meal programme became universalized in all the State in 2001 onwards after the Honorable Supreme Court initiative ruling in SLP Writ Petition No. 196 passed an interim order dated 28.11.2001. From 2001 onwards it became compulsion for the state to follow the guidelines of Supreme Court and to provide hot cooked Mid Day Meal to the children of 6 to 11 years age group.

- In fact it became a universal truth that “Mid Day Meal Programme” exerts a positive influence on enrolment and attendance in schools. A hungry and deprived child for food is likely to attend schools irregularly. Chronic hunger can cause or lead to mal-nutrition and even leading the children to pay less importance to studies as well as diverting attention from the studies and with the view to enhancing enrolment retention and attendance and simultaneously improving nutritional level among children.
- Mid Day Meal programme became an essential part of elementary education and due to the successful outcome of the programme enrolment, retention and attendance has increased phenomenally in Primary and Upper Primary schools.
- Since inception of National programme of Nutritional Support to Primary Education (NP-NSPE) i.e. way back in 1995, only free food grains of 3 kilograms per child were provided till 31st March 2002. Chhattisgarh State started serving cooked hot meal in all the Primary Schools from 1st April, 2002.
- Cooked meal was served in all Primary schools in Chhattisgarh till 31st March 2003. At that time, free food grain was given by GOI and State Government spent Rs.0.75 per child per working day.
- Later on conversion cost was increased to Rs. 1.00 per day per meal from 23rd February, 2004 onwards.
- From September 2004, GOI again raised the cooking cost to Rs. 1.00/ per child/ per day as conversion cost and State continues to give Rs. 1.00/ per child/ per working day as before. Thus increased the conversion cost to Rs. 2.00/per beneficiary/per day.
- M.H.R.D. New Delhi revised the guidelines as NP-NSPE 2006. Earlier it was known as National Programme for nutritional support to Primary Education but currently known as National Programme for Mid-Day Meal, increase the conversion cost per child per day from Rs.1.00 to Rs.1.50, to increase nutritional level of the

students, and Chhattisgarh is the only state in India where state's share remains Rs.1.00 and the conversion cost in the State 60:40 ratio and the rate of cooking cost was Rs.2.50/per child/per day in the State.

- Since 1st October 2007, Mid Day Meal started in all government and government aided Upper Primary schools of 16 districts of the State.
- Since July 2008, GOI increased cooking cost by Rs.0.08 and Rs. 0.10 per child per day for Primary and Upper Primary Schools respectively and cooking cost was Rs. 2.58 for Primary and Rs. 2.60 for Upper Primary level.
- From 1/12/2009 GOI including State Government share increased the cooking cost from Rs. 2.58 per child / per working day to Rs. 3.00 for Primary and Rs. 2.60 per child/ per working day to Rs. 3.00 for Upper Primary. Revision of cooking cost as per MHRD order from 2010-11 to 2015-16 is given below-

(Status of implementation & Possibility for improvement)

13th January 2015

Venue: Hotel Babylon International, VIP Road, Raipur

Key participants who attend the workshop included the following:

- Secretary, School Education Department,
- Officials from concerned departments: School Education (SSA-RGSM/ RMSA, DPI), PHE, Panchayati Raj Department, Women and Child Development, Health and Family Welfare, CREDA, Tribal Development, Food Department, Labour etc
- UNICEF
- Nodal/ Representative from each district on MDM,

Key issues discussed during the workshop:

1. Director DPI, Mr. Mayank Warwade, mentioned that scheme has positively contributed towards– children’s health, attendance, physical stamina, learning and reduction of drop outs in schools.
2. As reported by the district level officials, some of key issues and challenges identified were: completion of half constructed kitchen sheds (about 10,000) in state, Ensuring- adherence to building norms, storage shed, integration of hand washing units in the MDM kitchen sheds, usage of better cooking fuel, safe drinking water and dedicated place for cleaning utensils and washing hands (as per new guideline), community and panchayat ownership & Food quality, safety and hygiene aspect.
3. Secretary, School Education, Govt. of Chhattisgarh, Mr. Subrata Sahoo displayed photos of an alternative low cost model of hand washing (assembled using local items such as bamboo poles, rope, jerry can and a soap for washing hands) with tippy tap. While explaining the approach used in this model, he explained some of the advantages of such low / no cost model of hand wash for less water consumption, hygienic.
4. Secretary, School Education, Govt. of Chhattisgarh, asked for latest updates from the districts on following key aspects of the MDM as:

1. Revised guidelines of MDM inclusive of hand washing before mid- day meals:

Districts were asked to take appropriate steps, at their level to address the issues, at the time of construction (for example chimney can be constructed to get rid of smoke along with proper ventilation). In line with the revised guideline, districts were asked to look for local innovative solutions to include need based modification in the kitchen shed design.

2. Implementation of Weekly Iron and Folic Acid Scheme (WIFS): The keys issues included:

- Iron Folic Acid (IFA) tablets were also distributed in general, though some availability and side effects related issues been reported at places, so there was a felt need of orientation in coordination with health department
- It was felt that teachers training/ orientation on key issues of IFA is most critical, so mechanism of MDM should integrate WIFS programme, for improved adolescent health. The local inter-departmental coordination and information sharing is a key to be ensured locally.

3. MIS in Mid-day meal scheme: Ensuring regular monitoring of hand washing with soap:

Key issues reports:

- Overcrowding near the hand wash point results in water logging
- Lack of hand wash points in ratio to student enrolment in schools, that leads to peak hour rush, water logging at the water points whereby children find it difficult to wash their hands
- Some of the school were using a solution made with detergent powder.
- Lack of availability of the soaps in schools (due to poor local interest/ priority)
- Inclusion of Panchayat health, nutrition and social welfare committee for active monitoring.

The participants expressed the need to strengthen of the MDM at different levels and also hand washing with soap in schools on a regular basis in the state. Districts may need to look into the various low cost alternate local hand wash points to effectively ensure the regular hand washing with soap. In schools where there was no soap provided by SHG or the school headmaster the ash left after cooking may be used for washing hands, but use of detergent powder to wash hands should be strictly prohibited in all schools.

- Poor monitoring of the quality of food by the SMC and community

All the districts were instructed to ensure that all schools must maintain the register for tasting of food by teacher in each school. For fuel wood availability it was said that the revised cooking cost rates are now effective in the state, so this can be managed. The district level officials were instructed to take support of the forest department in case of issues in fuel wood availability. It was stressed that inter departmental coordination at different level was crucial to ensure effective delivery of Mid- day Meals to students.

Geographically situated villages do differ from the villages having all facilities yet the implementation of the programme is proportionately 90% successful to the objectives of the programme. Nevertheless, the simplicity, sincerity, philanthropic and dedication of the villagers is strength of uninterrupted running of the programme and undesired situational disadvantage of the villagers and prejudicial attitudes of implementing persons are the weaknesses of the programme.

2.32 Contribution by community in the form of Tithi Bhojan or any other practices in the State/UTs etc.

It has not yet come in practice in the State.

2.33 Details of action taken to operationalize the MDM Rule 2015

Number of letters issued to districts collectors regarding MDM Rule 2015. Also the letters have been written to all stakeholders to aware about MDM Rule 2015 and to implement the rule.

2.34 Details of Payment of Food Security Allowances and its mechanism,

Still there are no any reports have been received for food security allowance.

2.35 Any other issues and suggestions

Infrastructure and manpower is lacking in Chhattisgarh which needs to be strengthened for the objective of the programme.

MME funds should be increased. Food Testing NABL lab is not available in Chhattisgarh. Department of food and Drug Control are have not enough man power to check cooked food in lab.

उपरोक्त संदर्भित पत्र के माध्यम से एल0पी0जी0 गैस के उपयोग संबंधी निर्देश दिया गया है। राज्य शासन द्वारा पर्यावरण की दृष्टि से मध्याह्न भोजन योजना के अन्तर्गत एल0पी0जी0 गैस के उपयोग को बढ़ावा देने के उद्देश्य से कुकिंग कास्ट की राशि में एल0पी0जी0 गैस के उपयोग करने वाले संचालनकर्ता एजेंसियों को अतिरिक्त राशि का प्रावधान किया गया है। इस संबंध में निम्न निर्देश दिया जाता है –

1. मध्याह्न भोजन योजना के साफ्टवेयर में शाला में मध्याह्न भोजन योजना के संचालनकर्ता एजेंसी के द्वारा ईंधन के रूप में उपयोग में लाये जाने वाले माध्यम की प्रविष्टि विकासखण्ड स्तर पर किया गया है।
2. जिन शालाओं में एल0पी0जी0 गैस का उपयोग ईंधन के रूप में किया जा रहा है, उन शालाओं के लिये कुकिंग कास्ट के देयक में अतिरिक्त राशि स्वतः जुड़कर प्राप्त होगी।
3. शालाओं में एल0पी0जी0 गैस का उपयोग जिस माह से प्रारम्भ होता है उसी माह से ही एल0पी0जी0 गैस के लिये अतिरिक्त राशि देय होगा। किसी भी स्थिति में कुकिंग कास्ट हेतु देयक, साफ्टवेयर से पृथक तैयार नहीं किया जाना है।
4. जिन शालाओं में शासन की ओर से गैस चूल्हा एवं सिलेण्डर प्रदान किया गया है उनमें एल0 पी0 जी0 गैस का उपयोग अनिवार्य किया जाना है। यदि पूर्व में प्रदाय किये गये शाला में एल0पी0जी0 गैस का उपयोग नियमित सिलेण्डर उपलब्ध न होने या किसी अन्य कारण से संभव न हो

- तो उस शाला को प्रदायित सिलेण्डर एवं चूल्हा को उन शालाओं को हस्तांतरित किया जाना है जहां इसका उपयोग आसान हो।
5. यदि जांच में यह पाया जाता है कि संचालनकर्ता/प्रधानपाठक के द्वारा एल0पी0जी0 गैस के उपयोग किये जाने की जानकारी साफ्टवेयर में प्रविष्टि किये जाने के पश्चात उपयोग नहीं किया जा रहा है तो प्रधानपाठक सहित विकासखण्ड कार्यालय के मध्याह्न भोजन योजना के प्रभारी के विरुद्ध अनुशासनात्मक कार्यवाही की जायेगी।
 6. एल0पी0जी0 गैस का उपयोग करने वाली शाला से प्रत्येक माह मासिक प्रपत्र में उपयोग किये जाने की पुष्टि की जानी है। जिस माह इसकी पुष्टि नहीं होगी उस माह के लिये एल0पी0जी0 गैस के लिये प्रोत्साहन राशि नहीं दी जायेगी।
 7. योजना के अन्तर्गत एल0पी0जी0 गैस का उपयोग राज्य शासन की प्रोत्साहन राशि दिये जाने के पश्चात किसी भी अन्य प्रकार के ईंधन के उपयोग की तुलना में शाला एवं संचालनकर्ता के लिये लाभदायक ही होगा। अतः एल0पी0जी0 गैस के उपयोग हेतु उन शालाओं को भी प्रेरित किया जाना है जिन्हें शासन की ओर से गैस चूल्हा एवं सिलेण्डर प्रदान नहीं किया गया है। ऐसी शालाओं को एक सिलेण्डर से ही एल0पी0जी0 गैस का उपयोग प्रारम्भ किया जाना चाहिये। पूर्व में उपयोग में लाये जाने वाले ईंधन को भी विकल्प के रूप में शाला में रखा जाना है ताकि सिलेण्डर की अनुपलब्धता की स्थिति में मध्याह्न भोजन योजना बाधित न हों।

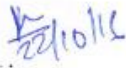

उपरोक्त निर्देशानुसार कार्यवाही किया जाना सुनिश्चित करें।
