## 5. New Approaches

### 5.1 School Nutrition Gardens

School Nutrition Garden (SNG) is a place where herbs, fruits and vegetables are grown in the school premises for use in preparation of Mid Day Meal. The objectives of developing School Nutrition Gardens are to help address malnutrition and micro nutrient deficiencies and also to give children first-hand experience with nature and gardening. Large piece of land is not required for setting up of School Nutrition Gardens and even roof tops can be used for growing vegetable/fruits in containers. Plants may also be grown in small containers, cans, jars, discarded earthen pots, wooden boxes, ceramic sinks, food tins and atta bags etc, where land is not available.

The grown whole vegetables and fruits from School Nutrition Gardens may be consumed under Mid Day Meal including parts like stem (banana, bottle gourd, pumpkin), leaves (coriander, mint, spinach), flower (pumpkin flower, moringa), peels of vegetable (bottle gourd, pumpkin, ridge gourd). State may have convergence with the line department viz. Krishi Vigyan Kendra, Department of Agriculture / Horticulture, Food & Nutrition Board, State Agriculture Universities etc. for setting up of School Nutrition Gardens.

Under the 'flexi fund component for innovative interventions' in Mid Day Meal Scheme, an amount of Rs.5000/- per School Nutrition Garden may be utilized for purchase of seeds, equipment, compost etc. on sharing basis between Centre and States & UTs. However, as the power for implementing scheme with minor modifications from the existing guidelines has been delegated to District Level Committee chaired by the District Magistrate, the committee may rationalize and allot funds on the basis of school specific requirement, within the overall average of Rs.5000/- per School Nutrition Garden. Seeds/saplings may be obtained from Agriculture/Horticulture department. The State may have convergence with Mahatma Gandhi National Rural Employment Guarantee Scheme (MNREGS) of Ministry of Rural Development for constructing compound walls in the schools, leveling of the ground etc. as per the Master Circular - A guide for Programme Implementation Financial Year 2018-19, issued by the Ministry of Rural Development relating to the items admissible for assistance through MNREGS. Photos of the School Nutrition Garden (high definition) supported by small write-ups may be uploaded quarterly on the MDM - MIS portal.

Further, all States and UTs were informed during the PAB meetings of Samagra Shiksha to constitute **Youth & Eco Clubs** in all schools. An amount of Rs.5000/- each for standalone Primary Schools, Rs. 15000/- each for Elementary Schools and Rs.25000/- each for Secondary/Higher Secondary Schools for this purpose. Youth Clubs may utilise school resources like playgrounds and sports equipment, libraries, music and art rooms and auditorium for co-scholastic and recreational activities like drama, debates, art, sports and games, music etc. for individual and inter personal growth, utilize playing fields and libraries after normal school hours and during holidays etc. Eco Clubs may carry out activities to promote awareness and interest

in environment, biodiversity, climate and local ecology, nutrition, health, sanitation and hygiene.

## **5.2 Cooking Competition**

Organizing Cooking Competition for Mid Day meal is one of the focus areas during 2019-20. Main objectives of organizing Cooking Competition are to motivate Cook-cum-Helpers by incentivizing the best recipes using the whole vegetables i.e. stems, leaves, peels etc.; to give emphasis on preparation of Mid Day meal with locally available food articles as per the culturally accepted food habits; to promote community participation in the preparation of Mid Day Meal; to associate the school children (one from primary classes and one from upper primary classes) as judges for the competition because they are the ultimate beneficiaries of Mid Day Meal. In addition, nutrition experts may also be associated with the cooking competition. The winners may be suitably given prizes and formally felicitated.

The whole cooking competition may be very interactive, for creating interest and increased effectiveness. Discussions during the Cooking competition may be carried out among the cook-cum-helpers, nutrition experts and children regarding the importance of green leafy vegetables, use of all parts of vegetable plants including stem, leaves, peels of vegetable (as sources of minerals and vitamins), pulses (as a source of good proteins) and double fortified salt (importance of iron and iodine in diet) etc. Discussions may also be arranged for cook cum helpers with the nutrition experts regarding food safety measures viz., washing vegetables before cutting them, cooking the meal in a container with lids on to prevent loss of vitamins and essential nutrients during the process of cooking. Professional photographs and videos should also be made of the competitions.

## **5.3 Flexi Funds:**

It has been decided to give flexibility to the States and UTs to utilize, with the prior approval of MHRD, 5% of their Annual Work Plan & Budget for new interventions, provided they are not included under any other Central or State Schemes and there is no overlapping of activities. The approved funding pattern between the Centre and the States under Mid Day Meal Scheme will also be followed for these 5% funds of Annual Work Plan & Budget (AWP&B). Therefore, the States and UTs are required to make necessary budget provision for releasing their corresponding matching share.

The States and UTs need to submit their proposals for the new interventions to be undertaken with 5% flexibility, in their Annual Work Plan & Budget for consideration and approval of Programme Approval Board-Mid Day Meal (PAB-MDM). The activities proposed to be undertaken through the 5% flexi-funds shall not overlap the activities under the approved components of the scheme. They should rather aim at improving the effectiveness of the scheme by addressing the gaps, if any, such as supplementary nutrition over and above the existing provisions (including additional items), setting up of School Nutrition Gardens etc. These examples are illustrative in nature and not exhaustive. The States and UTs will ensure that 5% flexibility is not

proposed for creation of capital assets such as construction of kitchen-cum-stores, dining halls, procurement/replacement of kitchen devices etc.

#### 5.4 Use of Temples, Gurudwaras, Jails etc.

Temples, Gurudwaras, Jails etc. can be involved in Mid Day Meal Scheme. Temples, Gurudwaras have greater reach among community, this can help in wider publicity for Mid Day Meal Scheme by adopting some schools for providing meals, thereby facilitating enhanced sense of ownership of the Mid Day Meal Scheme among the local community.

#### 5.5 Tithi Bhojan

“Tithi Bhojan” is an initiative started by the States and UTs with an aim to provide additional nutrition to children studying in schools. Under this program community provides full meal or additional items on special occasions such as festivals, anniversaries, birthdays, marriages and days of national importance etc. It was emphasized that Tithi Bhojan is not a substitute to Mid Day Meal and this only supplements or complements Mid Day Meal. Guidelines on Tithi Bhojan have already been issued by MHRD. The concept of Tithi Bhojan has been adopted by the States & UTs viz., Assam (Sampriti Bhojan), Andhra Pradesh (Vindu Bhojanam), Dadra & Nagar Haveli (Tithi Bhojan), Daman & Diu (Tithi Bhojan), Gujarat (Tithi Bhojan), Haryana (Beti ka Janamdin), Karnataka (Shalegagi Naavu Neevu), Madhya Pradesh, Maharashtra (Sneh Bhojan), Chandigarh (Tithi Bhojan), Puducherry (Anna Dhanam), Punjab (Priti Bhojan), Rajasthan (Utsav Bhoj), Tamil Nadu (Nal Virundhu) and Uttarakhand (Vishesh Bhoj).

The State of Jammu & Kashmir was advised to formalize such community participation programme and give it a suitable name.
